

**LIGHTHOUSE**  
CHRISTIAN SCHOOL

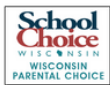

We believe our children...  
*hold the key to OUR future.*

Located in Madison, Wisconsin, Lighthouse School is a private, bilingual Christian school that provides a holistic high-quality education in a safe and structured environment for students Pre-K to 8th grade. Our mission is to instill a love for God and others in our scholars, and to help them grow academically and socially to the full potential God created them to be. Established in 2004, our school has grown from one classroom of 21 to more than 350 students 0-14 in our accredited 4k-8th school, state-licensed childcare, after and before school programs, and summer enrichment camps.

*We believe every child deserves a chance.*

**At Lighthouse School we are actively investing in our future with an open heart:**

97% of our scholars are economically disadvantaged, 64% are Latino, 28% are African American, 55% are English Language Learners and 10% have a disability. We strive to support every child and family that comes to us for support. Our approach works - 97% of our scholars show significant progress in their academic performance within 6 months.

*"I have rarely encountered a school that embraces trauma-informed education as effectively as Lighthouse. The environment not only supports all learners but also inspires parents and professionals to continually adapt to meet student needs."*

## 2025 EXPANSION THE DISCIPLE'S CALL

### Our future depends on **you**.

Families are searching for a solution to the persistent and growing educational disparity gap. In a city where 90% of children of color are struggling to meet basic educational standards, Lighthouse School's scholars are defying the odds outpacing their peers in academic progress, and completing 8th grade ready for high school, college, and life. We have proven that our approach works for those who need it most, and that our value-led education has the power to transform lives.

**Lighthouse School is stretched to its maximum capacity.** Our building is bursting at the seams with staff offices in the hallways, classrooms at full capacity, and a lunchroom that serves as an art room...as well as a community space. We are faced with the need to expand our space to respond to the growing need for our school.

#### Why we stand out.

Our scholars are improving math and literacy scores 4x faster than their peers in MMSD.

We are one of the most diverse schools in the city.

We provide bilingual instruction in Spanish/English K-5th grade.

Our teachers and staff stay with us year after year.

We provide wraparound assistance to families with basic needs including onsite pantry.

We distribute \$100,000+ in scholarships a year for scholars.

#### The 7,000square foot expansion will be completed Summer 2025 and will allow for:

- 2 new classrooms supporting 20 students each
- a teacher and staff lounge and learning center
- a dedicated classroom for artistic education
- a multipurpose community room that accommodates 100+ for school gatherings

*As Jesus was walking beside the Sea of Galilee, he saw two brothers, Simon called Peter and his brother Andrew. They were casting a net into the lake, for they were fishermen. "Come, follow me," Jesus said, "and I will send you out to fish for people." At once they left their nets and followed him.*
